I'm going away
Cause I can't stay
Will see you some day
When I'm coming home
If you understand
Try comprehending
It's our last chance
Am I coming home?
Then I'm coming home
This love feels like tears in my eyes
This time it's the last goodbye
Oh my hand let go of the grip
Cause I'm going on this ship
Yes I'm going on a trip
Just like yesterday
And wind I must fade
Away to my goals
Then I'm coming home
And if I will find
The end of the line
A peace of my mind

Then I'm coming home
Then I'm coming home
Our love feels like tears in our eyes
This time it's the last goodbye
Oh my love let go of the grip
Cause I'm going on this ship
Yes I'm going on a trip
Can you hear me now
Sing with me somehow
So love feels like tears in your eyes
So I had to say goodbye
Is this the end let go of the grip
Cause I'm going on this ship
Yes I'm going on a trip
Am I coming home?
Then I'm coming home
