I'm with you in Berlin  
Hide inside a dark hotel  
Outside is anarchy and hell  
Los souls rebel

In Berlin  
I rather die then stay with you  
There's nothing left for me to do  
Here's my adieu

So can you hear me when I walk away?  
You did not hear me when I tried to stay  
I am with you in Berlin

I'm with you i Berlin  
The Martyr's got a hold of you  
The orphans dying eyes are blue  
Nothing spells true

So can you hear me when I walk away?  
You did not hear me when I tried to stay  
I'm with you in Berlin

Alone is how I stand in the end  
In Berlin
