I got the clue from your looking at me  
Tired of waiting for you to turn me on  
It's gettin' late and this is my last dance  
Are you gonna take your last chance?  
I got the clue from your looking at me  
Tired of waiting for you to turn me on  
It's gettin' late and this is my last dance  
Are you gonna take your last chance?  
I say I don't know why you should stay  
She walks away she wants you  
I say I don't know why you should stay  
She walks away she wants you  
Ohoh  
I got the clue from your looking at you  
Tired of waiting for me to turn you on  
It's gettin' late and this is your last dance  
Am I gonna take my last chance?  
I saw you on a crowded dancefloor  
Double hair and skyblue jeans  
It's gettin' late and this is the last dance  
Am I gonna take my last chance?

I say I don't know why you should stay

She walks away she wants you

I say I don't know why you should stay

She walks away she wants you

(X4)

I got the clue from your looking at me

Tired of waiting for you to turn me on

It's gettin' late and this is my last dance

Are you gonna take your last chance?

I got the clue from your looking at you

Tired of waiting for me to turn you on

It's gettin' late and this is your last dance

Am I gonna take my last chance?

I got the clue from your looking at me

Tired of waiting for me to turn you on

It's gettin' late and this is my last dance

Are you gonna take your last chance?

Are you gonna take your last chance?

Are you gonna take your last chance?

Are you gonna take your last chance?
