I sat and watched them blow  
My town away  
I read in the news it sounded  
Just like a game  
And yes I cried out my memories again  
And now when everything was gone  
I wished that I wasn't born  
It was just like a starting over again  
So I knew they had pressed the button  
But know I feel like I'm in deepest pain  
Well  
I feel like a lonely star  
Who is waiting for a heart of gold  
I feel like a lonelystar  
Who is waiting for a heart of gold  
And my day feels just like the night  
I hope I was someplace else  
But I'm stuck  
I sat and listened to a song  
It was about a world beyond  
And I felt peace a world of silence

And then I started to feel hope  
I was glad I was still alive  
And I knew I had a chance again  
So I knew just what to do  
And I started a revolution  
But still I felt well  
I feel like a lonely star  
Who is waiting for a heart of gold  
I feel like a lonely star  
Who is waiting for a heart of gold  
And my day feels just like the night  
I hope I was someplace else  
But Iâ€™m stuck  
So donâ€™t try to fool me no more  
Iâ€™m standing alone  
Iâ€™m watching you slowly  
Youâ€™ll soon be dead  
Like a lonely star  
Who is waiting for a heart of gold  
I feel like a lonely star  
Who is waiting for a heart of gold  
And my day feels just like the night  
I hope I was someplace else  
But now I have to  
Refill my heart with gasoline

And darts I have to lose my sense

Cause this will never end

Iâ€™m stuck Iâ€™m tied my youth is paralyzed

So make this paradise then

Lonely star will rise

And Iâ€™m stuck, girl
