When she's walking down (the street)  
I feel insecure (so weak)  
But I know for sure  
That I will never be alone anymore  
When I see her face (her face)  
It fills me with grace (her face)  
And the world I know  
Will never ever be the same anymore  
But she lives in a shadowland  
So wont you please take my hand  
And I will never dance with no other,  
Baby no other baby no other  
And I will never dance with no other,  
Baby no other baby no other  
And I will never dance  
And her silhouette (saw it)  
I'll never forget (know it)  
It tears my eyes a picture of a paradise  
But she is in a shadowland  
So wont you please hold my hand  
And I will never dance with no other,

Baby no other baby no other

And I will never dance with no other,

Baby no other baby no other

And I will never dance

And the clouds are chained to the sky

As your eyes are chained to my eyes

And I will never dance with no other,

Baby no other baby no other

And I will never dance with no other,

Baby no other baby no other

And I will never dance

(I will never ever ask you to feel the same way that I do)
