I try to figure out

The fallen eye-tear a raindrop struck my mind

It looks so good it's messed so fine

Smile

I fall and close my eyes

It's pure subtle vibes hostility provide

It looked so good It's messed so fine

I am so tired I haven't slept for months

Just to see your face tear my soul and so

Go shout and jive for me and I will be your

Rock'n'roll tragey

Go shout and jive for me and you will see

There's nothing for us to see Rock'n'roll tragedy

I caught you there last night

I made up the sight a fantasy reply

I look so good it's messed so fine

I am so tired I haven't slept for months

Just to see your face tear my soul and so

Go shout and jive for me and I will be your

Rock'n'roll tragey

Go shout and jive for me and you will see

There's nothing for us to see Rock'n'roll tragedy
