When you light the morning sun
You can look all over town
And you won't see me
No, you won't see me
You can call my loving once
Doesn't matter how fast you run
'Cause you can't catch me
No, you can't catch me
Get a grip of yourself my lonely
Get a grip of your life don't change it
Get a system to catch me you'll see
You're in the shadows and I am sunny now
You can look me in the eyes
You can touch my inner light
But you won't feel me
No, you won't feel me
You can say your warmest words
You can sing like mocking birds
But you won't reach me
No, you won't reach me
Get a grip of yourself my lonely

Get a grip of your life don't change t
Get a system to catch me you'll see
You're in the shadows and I am sunny now
You can shine your morning sun
Doesn't matter how fast you run
But you won't feel me
No, you won't reach me
Get a grip of yourself my lonely
Get a grip of your life don't change it
Get a system to catch me you'll see
You're in the shadows and I am sunny now
