That pathetic evil look in your eyes
I don't know if I should laugh or should cry
'Cause the power that you think that you have
It means nothing to the people who care

And we don't care if you've heard this before
'Cause that is not the meaning of soul
You can't reach us because we're higher than you
We're flying over you in the blue

You can shoot us
You can kill us
You can try to make us stand in your line
You can use us
You can abuse us
But you can't kill rock'n'roll

You can shoot us
You can kill us
You can try to make us fit in your frame
You can fight us
You can despise us
But you can not kill rock'n'roll

You've been bullied all your life so you must
Take the bitterness out on us
We're not responsible, got a hurt
All those tears hidden behind your words

Oh Big City boy so sad and so alone
And this misery reflects in your poems
But the publisher said you're talentless
And his words really build up his angryness

You can shoot us
You can kill us
You can try to make us stand in your line
You can use us
You can abuse us
But you can not kill rock'n'roll

You can shoot us
You can kill us
You can try to make us fit in your frame
You can fight us
You can dispise us
But you can not kill rock 'n' roll

You can shoot us, you can kill us, you can cheat us,
you can leave us, you can use us, you can mute us, you
can break us
