[Chorus: Trey Songz]

I've got the heart of a solider (I've got the heart of a solider)

I've got the soul of a tiger (I've got the soul of a tiger)

Whoever said I'm scared (whoever said I'm scared)

You'sa mufuckin' liar (you'sa mufuckin' liar)

I've got the eye of an eagle (I've got the eye of an eagle)

I've got the back of my people (I've got the back of my people)

I'll bust my shudder head (I'll bust their shudder heads)

Don't you ever say I'm scared (Dont you ever say I'm scared)

(Dont you ever say I'm scurred)

[Verse 1: Ebony Eyez]

See..

Alot of mufuckers fall, when they back get pressed up against the wall

Not me homie

Wish a mufucker would, think he could come and take what's mines

Let him try and he gon' see

He gon get TUUUUUGED!

Leave him shriveled like a raisin with no hesitation

To late for the conversation, time wastin'

send them to their final destination

Don't give a FUUUUUCK!

Let the middle finger, linger, to them rat clowns

Ain't the type that will back down, bet you'll get slap down

You better check my mufuckin background

Name only get around like rumors, never let the haters consume us

Leave a bitch with a head full of tumors

if she ever thinkin' of steppin' up to us

I'll show and PROOOOVE!

I'll niolate a bitch that'll violate this here

Never seen me shed a tear, out of fear

bring chaos in a minute to a mufucker

yessiir!
I'm from the LOOOU!
And it's to late now dirrty, they don' got me started
And you can't abort it, cause a bitch like me is just to
cold-hearted

[Chorus]

[Verse 2: Ebony Eyez]

Now you can say what you wanna bout me
Cause the truth really don't, it only make me stronger
Think I give a fuck bout how you sayin' how I lookin' a
video
Bitch, couldn't be wronger
I know you MAAAAD!
Better find your position and learn how to play it
Don't you hate it when a hater
hatin' on your situation cause they wack ass never
made it
Bitch you and BAAAD!
You betta watch your mouth, 'for I watch your house
and
Have a nigga come and rock your spouse and
Leave 'em quiet as a mouse when the lights go out and
Your days is OVEEER!
So don't make no plans, you don' had your chance and
I'm bout to lock this bitch down and throw away the key
'matter fact even snatch your fans and
I'm takin' OVEEER!
Comin' through with a vengeance 'bout to get incents
Did I forget to mention alot of this tension cause your
shit is comin' to an end and
Everytime that Ebony rhymes, every line, I make a
nigga pause and drop their jaws
Start sweatin' like they havin' a heat stroke like they
going through menopause
and love shittin' they draws

[Chorus]

...don't you ever say I'm scurred..

Dont you ever say I'm scared (2x)
