Unlucky that your last one Snapped  
Thats just the way it goes  
you must have stretched it just too far  
exactly how no one knows

Paul had to buy a new G String  
He put too much strain on the other one  
Paul had to buy a new G String  
and hes forking out money again

Maybe next time  
youll take more care  
Maybe youll make that mistake again  
Maybe next time youll keep a spare  
Maybe youll keep about ten

Chorus

Ad Lib To end on guitar
