Bus it we gon run through it  
Uh  
I feel this  
I love it  
I like it  
I got to have it  
You got to stab it  
Automatic  
We autographed it

[Skillz Ferguson]  
ayo E

[Edan]  
What's the deal troop  
I'll up you on the scoop  
Some brothers dropped a 12 on the low and got soup  
Meanin gassed  
See the past drippl trickle out of bounds  
Clowns wanna spill the gatorade before the game is  
played  
ayo E  
What's the deal son?  
The race is just begun  
Them cats was on the run before they heard the starter  
gun  
Inadmissable  
Dissable  
Disqualified, FRIED  
It's a decible festival  
Extraterrestrial excellence  
You should never underestimate the humble  
magnificent  
Genie on the backhand side, we both been in it  
Huggin on the fans at shows  
It's that intimate  
Enter the center to see the brothers rap intricate  
Infinite instruments sent to accentuate  
Take off the coat so the physical can ventilate  
True fiends, for the routines  
That entertain

Venemous demonstration on center stage  
Penetrates  
7th grade, listenin to Welcome to the Terrordome  
There obtain proper inspiration to prepare a beat  
Parakeet, rappers imitate the data verbatim  
Paradox, make you wait to played it persuade them  
Paragraphs, bleedin out the pen  
Stabbin the page  
Therapeutic terror student with a grammar grenade  
Back in the days  
You had the wax and a phrase  
Now for cats to get paid  
You got a DAT and a tape  
And that's BULLSHIT!  
Money didn't even wanna improvise  
Said he wouldn't even kick a verse without his  
entourage  
Common knowledge dictates, the dis makes your  
enterprise  
Based in the haste that my greatness will minimize  
Paralyze  
Terrorize  
OBLITERATE  
Wait up  
What's the matter?  
Shatter the cadavre with the data that  
Most don't host in they habitat  
Fuck a Cadillac  
I've been thinkin about the aftermath  
I had to take it serious  
To fascinate the curious  
Capacitate the furious energies in my memory  
Never be ashamed to take an L to the superiors  
The internal burner elevate to the exterior  
Make it invisible  
But we shapin the physical  
Let's take it from the spiritual  
To manifest the miracle  
Battle-fested syllables  
For adolescent criminals  
That can't assess the minimal  
Aids a fickle lyrical landslide  
E'll cut the record with his hands tied  
Metaphysical missile to move mankind  
The two man tribe with traditional scribes  
Conditional ties will never divide  
The mission in life  
The visional rise  
to survive  
in critical times  
Killin the cynical vibe with clincal rhymes

Pivotal minds that swivel and slide  
To create  
A super human unit only utilizing three eights  
A mental potential torch  
Torrential brainstorm  
As soon as you assess the text  
We change forms  
Solid  
Liquid  
Nitrogen  
Oxygen  
Back into a physical state before we rock again  
Talkin in a coded dialect  
So try an guess  
The true identity  
Of intertwining entities  
That never seem to dwindle  
The energy rekindles  
It's the ??  
Rap's legendary mic handlers  
Like Canada  
At the top of your perimeter  
Time travelers, with a fresh flex capacitor  
Gladiator  
Addin flavor  
At a rate to sprain shit  
Navigate  
The balanced state  
As the Daddy Kane did  
Juice Crew go  
I gots to get pull  
We gots to get heard  
Surge while vets fold  
Expose flaws  
During the roll call  
Furniture clothes out  
Words decoratin your whole house  
Open up the fridge  
Fresh rhymes is stored there  
Open up your lip  
Next time it's warfare  
One of the last, to bring the challenge to the mass  
If the strategy is strictly for the cash  
Then it's trash  
And that's the bottom line, if my man got a rhyme  
Then my man got the beat, keep the cipher complete  
Cause it's the two man tribe  
With traditional scribes  
Conditional ties  
will never divide  
The mission in life

The visional rise  
to survive  
in critical times  
Killin the cynical vibe with clinical rhymes  
and I'm paradoxical  
And I'm Donavexxical  
And we the incredible  
And we out like that

Yeah
