[Chorus:]

Well it's the high anxiety I'm a victim of

Society high anxiety I'm a victim of society

High anxiety it's my high anxiety getting to the
Best of me

Sometimes I feel like I'm gonna explode and

When I'm approaching total overload I know that

When I'm having a panic attack to duck and cover
'cause I can feel it coming

[Chorus]

This time I feel like I'm gonna die cold sweat the

Fear is paralyzing you know I wish that this was

Over and done heart pounds I can feel it escalating

[Chorus]

I don't know why sometimes I wake up in

The middle of the night I don't know why I gasp for
Breath I'm really feeling like I'm on the brink

Of death I wish I could get this crisis under

Control then I could feel some kind of closure
I feel this could go on and on without end I guess

I'll just have to ride it out 'cause

[Chorus 2x]
