I've got a million things going round in my head  
and I've never really payed attention to what you said,  
no  
and now i wish that i would have said goodbye  
but it's much too late  
and all I do is give  
and all you do is take  
You've got to look before you leap  
Woah yeah  
Take a good look at your so called friends, yeah  
Thats the company you keep  
You got words coming at you from all directions  
You got to look before you leap  
Woah yeah  
Take a good look at your so called friends, yeah  
thats the company you keep  
you got the words, oh yeah  
there's a lot of things that were never said  
and if we'd have grown up faster  
then i would have stood up  
but i should have cut you loose a long time ago  
but its much too late  
and all I do is give  
and all you do is take  
You've got to look before you leap  
Woah yeah  
Take a good look at your so called friends, yeah  
Thats the company you keep  
You got words coming at you from all directions  
You got to look before you leap  
Woah yeah  
Take a good look at your so called friends, yeah  
thats the company you keep  
you got the words, oh yeah  
well there never was a time when you didn't try to love  
me over  
never was there a time when I felt bad for you  
whenever you had the chance  
the way I see it you tried to screw me over  
never was there a time when i wasn't there for you  
You've got to look before you leap

Woah yeah  
You've got to look before you leap  
Woah yeah  
You've got to look before you leap  
Woah yeah  
Take a good look at your so called friends, yeah  
Thats the company you keep  
You got words coming at you from all directions  
You got to look before you leap  
Woah yeah  
Take a good look at your so called friends, yeah  
thats the company you keep  
you got the words, oh yeah  
you got the words, oh yeah  
They keep flying their flag but they're never gonna  
understand
