deformed faces  
on the ground  
deceased corpses  
slaughtered mankind  
choosing target  
setting aim  
pull the trigger  
no one's to blame  
putrefied  
smell the flesh  
rotten to the bone  
putrefied  
start the process  
the final slaught'  
the process  
execution  
of our mind  
no delusion  
shut up & die  
self cremation  
self destruct  
disillusion  
no one's to trust  
putrefied  
smell the flesh  
rotten to the bone  
putrefied  
start the process  
the final slaught
