Just running scared
Feeling low
Yeah, running scared
Which way do I go?

Yeah, I'm running scared
Feeling blue
Don't know where to go
Don't know what to do

Yeah, just running scared
And feeling low
Don't know what to do
Don't know where to go

Yeah, just running scared
I've been in chains
I don't know what to do
I won't say it again

Then, all at once, she was standing there
I loved her once, what more could I feel?
She knew at once what it would be
She turned around and walked right out with me
