"Go the Distance"

Visit "[Go the Distance](#)" on MotoLyrics.com

You got me headed in a new direction
Got no reason to turn around
Ain't got no looking back or second guessing
It's time to find what love is really all about

Go the distance
Let our hearts lead us on
All the way to forever tonight
Can't resist it
The feelin's way too strong
Go the distance this time

The road to love is paved with shiftin' gravel
We may find ourselves on shaky ground
And there ain't no place that these two hearts can't
travel
Even when we're miles apart together we are bound to

Go the distance
Let our hearts lead us on
All the way to forever tonight
Can't resist it
The feelin's way too strong
Go the distance this time

There will be rainy days and bridges left to cross
But if we lose our way we can't get lost if we

Go the distance
Let our hearts lead us on
All the way to forever tonight
Can't resist it
The feelin's way too strong
Go the distance this time
