Thought I saw you today  
You were standing in the sun then you turned away  
And I knew I couldn't be but my heart believed  
Oh it seems like something everyday  
How could you be so far away  
When you're still here  
When I need you you're not hard to find  
You're still here  
I can see you in my baby's eyes  
And I laugh and cry  
You're still here  
At the dream last night  
That you came to me on silver wings of light  
I flew away with you in the painted sky  
And I woke up wondering what was real  
Is it what you see and touch or what you feel  
Cause you're still here  
Oh you're everywhere we've ever been  
You're still here  
I heard you in a stranger's laugh  
And I hunger on to hear your laugh again  
Just once again  
Oh...  
Thought I saw you today  
You were standing in the sun then you turned away  
Away
