Didn't I express my regrets  
About the way things are?  
And I think I might've taken this too far  
This time I hope that you can understand  
This time I hope that you can see it

Didn't I tell you everything about me?  
Didn't I show you, can you feel it?  
Got so many thoughts and words  
Inside my head, inside my head

Inside my head

Didn't I do enough to make you feel so sad?  
And you know I'm sorry about the fights we had  
So long, I'm sorry everything went wrong  
Goodbye, you'll never have to see me

Didn't I tell you everything about me?  
Didn't I show you, can you feel it?  
Got so many thoughts and words  
Inside my head, inside my head

Didn't I tell you we'd never last forever?  
'Coz we change our minds  
Like changes in the weather  
Now, it's all over even though  
We've come so far, we've come so far

Didn't I tell you we'd never last forever?  
'Coz we change our minds  
Like changes in the weather  
Now, it's all over even though  
We've come so far, we've come so far

Everything went wrong  
Emotional whiplash, we're so confused  
And every thing's gone so wrong  
With my heart in my throat  
I know it's time to grow up

I know that you and I would never last

And all this time it went by much too fast  
I never listened to a word they said  
Remember me and don't cry

'Coz didn't I tell you everything about me?  
Didn't I show you, can you feel it?  
Got so many thoughts and words  
Inside my head, inside my head

Didn't I tell you we'd never last forever?  
'Coz we change our minds  
Like changes in the weather  
Now, it's all over even though  
We've come so far, we've come so far

Didn't I tell you we'd never last forever?  
'Coz we change our minds  
Like changes in the weather  
Now, it's all over even though  
We've come so far, we've come so far
