One more time Somebodies gotta kill
one more time Is time standing
One more time Another suicide
One more time Another kid has died
[Chorus:]
And one more time I think
I'm losing my mind [4x]
One more time Another broken home
One more time A cold heart of stone
One more time Are children born to die

One more time Is it any wonder why
[Chorus 2x]
Can you tell me why this is they're just kids

One more time Power's always misused
One more time A child's been abused
One more time A cry that goes unheard

One more time I can only think the worst
[Chorus 2x]
