The word 'real' is defined as what really lies inside  
You're not the person I once knew  
You're not the you that I'm used to  
All this wool is buggin' my eyes and I never really  
realized  
Behind that plastic shell, you cannot even tell

I can't come in 'cause you won't let me break  
Through the mask of who you are  
You let down your shield, it's your best defense  
It won't break or devastate you, it's really hard  
For me to tell you everything  
That I want to tell to you  
Some say that you never knew the real me  
And I'm sure I never knew the real you

Wanna see real you  
I wanna see the real you  
Wanna see real you  
I wanna see the real you  
Wanna see real you  
I wanna see the real you

Conflicting spheres of interest  
Pose a threat to who we are  
Said where we want to be, we just can't see  
So we throw the walls up around ourselves

And our visions are dulled and doubtful  
You know it's our double standards  
That'll wrap us up tight inside ourselves  
And never let us out

Wanna see real you  
I wanna see the real you  
Wanna see real you  
I wanna see the real you  
Wanna see real you  
I wanna see the real you

Motherfucker!  
Fucking bitch!

Hypocrite!  
Ahh! The real you

Wanna see real you  
I wanna see the real you  
Wanna see real you  
I wanna see the real you  
Wanna see real you  
I wanna see the real you  
Wanna see real you
