When is there too much talk too many words  
About the same old things  
The same things you've heard  
A thousand times before

I can't listen no more  
It's just the way of things  
It's the way we think  
We gotta find some new ideas  
To express the way we feel

We gotta stand our ground  
Start to give, re-assess the way we live  
We're not the first and won't be the last  
To spend too much time living in the past

It seems we work all day  
And accomplish nothing  
Where to go from here  
'Cause I can't sit around  
And just blow off another year

It seems we're growing old  
And still doing nothing  
When is there too much talk  
Too many words

About the same old things  
The same things you've heard  
A thousand times before  
I can't listen no more

It's just the way of things  
It's the way we think  
We gotta find some new ideas  
To express the way we feel

We gotta stand our ground  
Start to give, re-assess the way we live  
Don't know what's going through your mind  
Got the will, but just not enough time  
I'd like to think I've been a good friend to you

Got a choice to make  
'Cause I can't go through life living with this hate  
It seems we're growing old, still missing something  
When is there too much talk too many words

About the same old things  
The same thing you've heard  
A thousand times before  
I can't listen no more

It's just the way of things  
It's the way we think  
We gotta find some new ideas  
To express the way we feel

We gotta stand our ground  
Start to give, re-assess the way we live
