you and your words  
can really hurt  
but that's alright  
alright with me  
the sky above  
isn't falling  
so I'll keep on smiling  
and let it be  
when I want to cry  
and I've lost my pride  
I say hey hey hey  
and laugh inside  
my mamma  
sat me down last night  
she said baby  
don't you cry  
get up girl  
wipe away those tears  
you're still alive  
you're still alive  
when I want to cry  
and I've list my pride  
I say hey hey hey  
and laugh inside
