Jekyll: Sometimes I see past the horizon,
sure of my way,
where I am going.
And when despare
tears me in two,
who can I turn to but you?
You know who I am,
Take me as I am.

Lisa: Look in my eyes,
who do see there?
Someone you know?
Or just a stranger?
If you are wise,
You would see me there.
Love is the only danger.
You know who I am,
Take me as I am.

Both: Give me your hand,
Give me your heart.

Jekyll: Swear to me we'll never part
You know who I am.

Lisa: You know who I am.

Jekyll: This is who I am.

Lisa: This is who I am.

Both: Take me as I am.
