Talking...)

Sometimes

What may be the best thing for you to do

Sometimes that's the hardest thing for you to do

And that, that's real cuz

I know I love you, I know how I feel about you

But I also know that don't make everything all right

And for that reason I gotta say goodbye

(Verse 1)

Tell me have you ever been in a

A situation where the best thing you could do

Was the hardest thing you've ever done

But you try to do what's right

And I know deep down inside

That I really wanna be there by your side

But I can't stand to see you cry

not when it's because of me

(Chorus)

When it's over

I'll never love another

I'm always thinking of her

I'm doing this because of her

Don't wanna say goodbye

I don't wanna let her see me cry

Looking out the window and wondering why

Did we have to say all those things

That we said last night

Baby, I don't wanna say goodbye

So I'm just standing here wondering why

I just don't like to see when you cry

So I'ma say goodbye

(Verse 2)

Do you think that cuz I packed your stuff

That inside I'm really really crackin' up

Cuz you're wrong, I just hide it good

Cuz I know that's what you need girl

And there's more to life than loving yourself

You gotta learn to love somebody else

And that's why I do the things that I do

(Chorus)

when it's over

I'll never love another

I'm always thinking of her

I'm doing this because of her

Don't wanna say goodbye

I don't wanna let her see me cry

Looking out the window wondering why

Did we have to say all those things

That we said last night

Baby, I don't wanna say goodbye

So I'm just standing here wondering why

I just don't like to see when you cry

So I'ma say goodbye

(Verse 3)

There's no one in this world that can ever take your
place

All the love that we shared, it can never be erased

And I know that it hurts so bad

And I'm sorry, you're the best I had

And no one in this world can ever take your place

All the love that we shared, it can never be erased

And I'm lonely and it hurts so bad

And I'm sorry, you're the best I had

(Repeat and fade out)
