First time in my life I got a

Real woman,

Who don't scream she don't need no brother.

All she needs is some lovin' and you know I'm gonna

Make my baby happy, want her to be happy.

And Imma make this night so special,

Treat her good cuz in the past I done learned my  
lesson.

Hope she got her body good and ready for the session,

Cuz I'm feelin' that she's ready and I hope she's ready.

CHORUS

Are you ready for a night like this?

Do you think that you can handle what I got to give?

Don't tell me to keep it steady,

Are you holding back?

Tell me what you're feelin'

Cuz I got the healin'.

(repeat)

I know my job takes me away,

I know you keep it poppin' thang,

Safe and locked away,

Cuz ain't nobody do your body girl this kinda way.

Raise your hands if you feel me,

Girl, I know you feel me.

First chance I get, I'm on the plane,

Cuz I can't stand to see my baby left alone again.

Times awaistin' I could live just like a simple man,

Chillin' wit my baby,

Chillin' wit my baby.

CHORUS

Are you

Ready for me to

Show you

The things that I can do

For you?

Tell me are you ready?

Are you ready?

Are you ready?

(repeat)

CHORUS
