see, first of all

i know these so-called playas wouldnt tell you this

but I'mma be real and say whats on my heart

lets take this chance and make this love feel relevant

didnt you know i loved you from the start, yeah

when i think about

all these years weve put in this relationship

who knew wed make it this far

then i think about

where would i be if we were to just fall apart

and i cant stand the thought of losing you

1- meet me at the alter in your white dress

we aint gettin no younger, we might as well do it

been feeling you all the while girl i must confess

girl lets just get married

i just wanna get married

repeat 1

said i done it all

but frankly girl im tired of this emptiness

i wanna come home to you and only you

cause makin love to just anyone aint happenin

i just gotta be with you
do you think about
us finishing somethin we started so long ago
i wanna give you my all
do you think about maybe us havin some babies
come on wont you be my lady forever yeah
im ready to commit to you
and i just cant wait for that night
cause i need you hear with me
and lets start a family
repeat 1
