Intro: J.D.

See baby you're my little secret, secret, secret

If you don't tell, I won't tell

And that's how we gotta keep it

See baby you're my little secret, secret, secret

If you don't tell, I won't tell

And that's how we gotta keep it

Verse One: Kandi

Did anybody see ya?

Comin' to my house last night

When I got your message in my beeper

That you wanna do everything I like, alright

Bridge (LaTocha)

I like being in the same room with you and your girlfriend

The fact that she don't know (she don't know)

That really turns me on, mmmmm

She'll never guess in a million years

That we got this thing going on

1 - You're my little secret

And that's how we should keep it

It's on everybody's mind, about you and I

They think so, but they don't really know or wanna know

That you're my little secret

And that's how we should keep it

We should never let them know, never let it show

If you know, like I know, we should never let it go

Verse Two: Tiny

If anybody knew that

It was you and your house that I was creepin' to all the time

We'd probably still do it, heh

Cause I find it hard to keep you off of my mind, baby

Bridge (LaTocha)

I like being in the same room with you and your girlfriend

The fact that she don't know (she don't know)

That really turns me on

She'll never guess in a million years

That we got this thing going on

Repeat 1

Verse Three: Kandi

Everybody cheats, but you gotta know how

You gotta know when, gotta know why

My infatuation with you

Is taking me on an emotional high

I'm caught all up in this love affair, baby

Speculation will bring us stares

All my friends are asking me about it

Still the truth I can't reveal

Repeat 1

As long as I'm right here

You ain't never gon' be by yourself

It's the love that we share, it stays on my mind

You're always gon' be a little secret of mine

As long as I'm right here

You ain't never gon' be by yourself

Cause the love that we share, stays on my mind

Always gonna be a little secret of mine

Repeat 1
