1-Nothing is promised to me and you

So why will we let this thing go

Baby I promise that I'll stay true

Don't let nobody say it ain't so

And baby I promise

That I will never leave

And everything will be alright, I

I promise these things to you

Girl just believe, I promise

Should of known the things you said been right

Forever's such a very long time

We never even had a fight

Don't let no one change your mind

Cause they don't know how much I care

They don't know the things we share unless they're  
here babe

But since they're not

How can they say that I'm not true, oh, oh, oh

2-If you need a love, I got the love that you need

Ain't no way that they can take that from me

And I've prayed to God one day they will see

They'll see that I'm all that you need, oh

Repeat 1

When I think of all the times I said

That I'll see you another day

Baby now that's gonna change, yes it is

Said you mean the world to me

And baby girl I'll keep you first, yeah

Cause that's the kind of love you deserve

And you know I got a love if you need a love, yeah

Repeat 2

And I swear to you and my promise is spoken

Repeat 1

3-You're the only I want in my life

And I promise everything is alright babe

You're the only that matter's in my life

I promise, promise, promise, promise you babe

Repeat 3 til end
