Remedy, JE y'all

I know what it is

It's that jagged little thrill right here

Check this out

Oh, oh, oh...

Do you think about it baby?

Do you think about it while your working

While you're working late?

Feeling like is it something - is it something more than
this

Girl if you need somebody, I'mma bring the Don

So we can get our bubbles on

Chilled bottle of Perion

If you feel, if you feel like you're hungry

Hey baby I can cook you a meal

Pick you in an 'lac Deville - can't believe that I'm so real

Darling it's you I want and it's you I need

Girl I got the remedy

If you feel it

Girl I got the cure

And the key to your body

You know like when you're weak in your knees girl

It's me that makes you rush right now after work

Cause you feel it

I got it, the rememdy, the remedy

If you feel it

Girl I got the cure

And the key to your body

You know like when you're weak in your knees girl

It's me that makes you rush right now after work

Cause you feel it

I got it, the rememdy, the remedy

In the morning when we wake up at sunrise, yeah

Relaxtion over you body

You can't deny

Wanna leave, I'mma kiss you bye

I know last night did you right

I'm just tryna be the man you like, girl

Baby got a feelin' you be feelin' me when you're at
work today

Cause you know I did my thing

And whenever you need a cure

Just call me I'll be yours

Anytime you need a remedy baby

If you feel it

Girl I got the cure

And the key to your body

You know like when you're weak in your knees girl

It's me that makes you rush right now after work

Cause you feel it

I got it, the remedy, the remedy

If you feel it

Girl I got the cure

And the key to your body

You know like when you're weak in your knees girl

It's me that makes you rush right now after work

Cause you feel it

I got it, the remedy, the remedy

Day in, day out all I think about

Is the time I spend just loving you, my girl, my boo

Anything you need, I got the remedy

Yes I do, oh, oh, oh

Girl if it's love that you want from me

Then it's love I'm gonna provide, yeah

Said my arms are here

And they're open wide

I'll be your, your remedy

If you feel it

Girl I got the cure

And the key to your body

You know like when you're weak in your knees girl

It's me that makes you rush right now after work

Cause you feel it

I got it, the rememdy, the remedy
