Featuring Da Brat JD]

It's scary I'm Miss Up's to da area

So So Def next to Jay D

This funkdafile baby keep 'em crazy

My mentality happen to be livin' lavish

With formalities of having the fat shit

My status is impeccable

We wreckin' yo crew the casualty is you

Jagged Edge coming through

Remember who

Hit it did it something like a thousand times

Can't stop can't quit

Gotta gotta get mine

Get yours

I catch you off guard

Keep yo dick hard

Follow the yellow bitch

To the road to riches

And if the smoke thickens

It's to be the beat

Or it detrimental to your brain

Choakin' off Mary Jane

A.T. lettin' it ill, say 'kay

And kept it wetter than Niagra

The main dame who maintain to stay platinum, yeah,  
aww

We talking, me touchin you and your body

We even talkin' 'bout you and your other guys

I like it when you tell me what you'd do if I was with you

I like it cuz you have nothin' to hide

1 - The way that you talk to me

The things that you say to me

You got my body girl

Have your way with me

I'm tellin' you now

There's something about

Girl, I can't live without

The way you talk to me

We talking 'bout dreams you have about you and I

You tell me things I did to you once I got up inside

You make me look forward to the future

Wanna have a wife and kid

Cuz all the time that I been gettin' around

I never felt like this, yeah

I know you know baby, how much I love you

I love you, you love me, and I know

Baby, I know, whoa, yeah, whoa

When I call yo name  
It's all about the poom poom nanny nanny  
And mo' money  
With me pink bunny and the G  
You just in the D J.E. era  
Chromed out carreras  
Sex, boozin', and nonstop I flow watch out  
Gimme some chrystal, a sip or so  
You can send 'em all back  
The type that walk up in the club screamin'  
Where the ho's at  
Tracks stay steaming, keep your floors packed  
Diamonds stay gleeming and you're no match  
For me and my faculty  
Actually all y'all are whacked to me  
Send me some some true playa's, with true rank  
Don't give a damn what you think  
Make a bet and I'll stop yo' bank, baby  
You dress jiggy, body bomdigi  
Then it's a possiblity that you and I can get busy  
What chu wanna do, shit  
I got a pocket full of rubbers, and Jay D. do too  
Repeat 1  
Make you scream Papa  
You the best da da

Repeat until fade
