This song goes out to everybody  
Who had somebody and you knew they was right  
But some kind of way, you messed up anyhow  
I remember when we first met  
You said you wanted everything  
I tried my best to make it happen but  
What you said you didn't mean  
Now the tables turned  
You feel like your bridge is burned  
I just tried to be a man babe  
You know you did the wrong thing girl  
You don't understand me  
I don't think you heard me  
You know you hurt me bad baby  
Now I see you really wasn't ready for me  
1 - You can't handle a true man  
One who really, really wants to be  
You can't handle a true man  
Girl I give you my cream and everything  
You can't handle a true man  
One who really wants you to understand

You can't handle a true man

Said I gave you all my lovin' babe

Anytime you want it babe

I tried my best to give you right girl

But you act like you don't like it

Now I see that we weren't meant to be

Even though I thought that you were made for me

Here I go again, it feels like a lonely sin, that I made

How ya just let me go baby

And it truly, really hurts so bad

And why you wanna make me so sad?

Oh why did ya hurt me so bad?

And now I know you wasn't ready baby you can't handle  
it

Repeat 1

Yeah, know when I first saw you girl

I truly thought you were the one for me

And one day you finally made me see baby

Too bad you couldn't handle

All that I had in store

Messed it up the first time and now you want some  
more

Wanting what you like and you ruined my life

And now you wanna make it right

Repeat 1

2 - I got a true love baby, I need a true love

Someone treat me right

I don't wanna fuss and fight
