Is it really enough for you to take a cab or a bus  
Tryin to get where a man at cause you lust for me  
We end up makin love  
Tell me what you want to do  
I just wanna be the one you come and give all your love  
Make a nigga take all your love  
Wanna show you things  
Give you things  
It's all on you, you , you  
If I can just have a minute  
Baby come and take a ride with me  
Baby won't you spend your life with me  
All I want is you, you, you  
I know you're right for me  
Girl you're everthing I think I need  
Chorus  
Said it's only right  
When you feel like you're lonely  
That you get at me  
I've got the kind of love  
You don't get tired of

And I put that there on everything  
Baby what you tryin to do for it  
Heard that you been lookin for  
Good love and I'm not for sure  
But I know just what you came here for  
What tryin to do for it  
I spend all my loot for it  
Tell me what you gonna do  
What, what you gonna do  
What you tryin to do for it  
Heard that you been lookin for  
Good love and I'm not for sure  
But I know just what you came here for  
What you tryin to do for it  
I spend my loot for it  
Tell me baby what you tryin to do  
What you tryin to do for it baby  
I can prove it, if you want it  
We can rent it cuz I got enough  
You can get all the love  
Baby I give up  
Dont you know what you really came here for  
If you thinkin you can be the woman who really got love  
for me  
Feelin like you gotta be  
Let me know tha tyou like my flow

We can go

As far as you wanna go

Now that I have a minute

Let me tell you that you're beautiful

And baby tha tI love you so

That's how the story goes

And now I see that your love is always on time

Chorus

Said it's only right

When you feel like you're lonely

That you get at me

I got the kind of love

You don't get tired of

And I put that there on everything

Baby what you tryin to do fo it

Heard that you been lookin for

Good love adn I'm not for sure

But I know just what you came here for

What you tryin to do for it

I spend all my loot for it

Tell me what you gonna do

Wht you tryin to do for it

Heard that you been lookin for

Good love and I'm not for sure

But I know just what you came here for
