You're worthless, you plague humanity

Be nothing without me

Your curses try to get back to me

But still there is no time

Bludgeoned

Your curses with thoughts and narration

For what I say

Hope you listen

Your cursed with thoughts and narration

This is what you get

I made you smile

And doctors won't be able to recognize your fucking  
face!

Be, be nothing, be nothing without me

How could you think that I was joking

But I'm not, be nothing, be strong, without me

But still curses crumble as we let this happen

We can't let this happen

As we all come down

We can't

Because (2x)

You thought I was fucking joking

What's funny now?

You went searching for something sacred

You found it dead

Inside (3x)

Your curses die

Inside (3x)

Your curses die
