### "Swarm"

this is who we are, nothing quite like it, nothing  
this is coming to a culture that everything is cross-eyed

open your fucking eyes  
we'll be the ones that set civilization back  
open your eyes find out that you're what you see  
this won't be the last of us this, this passion

squirming away, stop eating nothing (x2)

we are the swarm that rapes and tricks  
this is who we are  
the swarm that rapes  
fucking mother earth in her ass (x2)

spreading diseases (x4)

you'll see us  
salvation, won't you let me  
what's that? your gods will say

open my eyes find nothing that we can  
answer the swarm  
this is prophecy played out

this is just who we are, the swarm (x2)  
this is who we are, this is what we do (x2)

rape  
this is coming to destruction, you see everything is  
cross-eyed  
rape
