I'd been carving you

To see what form you'd take

You were hiding in ivory

I just wanted to free you shape

Bringing me down, its too quiet to breathe

Who wants to hear their heart beat?

It's gotta be here

In your spider-web alphabets

Did I read it all wrong?

Or have I just not gotten it yet?

You got what you want. You wanted release.

Can you be appeased? Can you bring it all back to me?

Bring it all back to me

Bringing me down, the obvious turned out to be true

All that I couldn't see, how it was turning me on

I don't want to pare you down

No, I don't want to wear you down

I don't want any more than what's here

No, I don't want to pare you down

Well you got what you want. You wanted release.

Can you be appeased? Can you bring it all back to me?

Just bring Just bring it all back to me

It's all that I want

It's all that I need

It's all that I want

Bring it all back to me

Bring it, give it, bring it
