

Hip Tragically "Emergency"

I've often dreamt of a conversation
that just keeps coming up again and again.
WE'RE sitting in the Baby Bar bereft
at a shadowy table out past the sentences end.
From until it's no longer fun
to that's no longer relevant.
From until we're NO LONGER one
to the bona-fide embodiment of an endless
emergency without end.
We're an endless emergency without end
We often stop in these conversations,
things we say here stay here FOREVER AMEN.
When everything seems either funny or lousy,
funny or lousy, that's where it usually ends.
From until we're no longer fun
to that's no longer RELEVANT.
From until we're no longer one
to that's no longer permanent.
From the last survivors of those terms
to the bona-fide embodiment

of an endless emergency

without end.

We're an endless EMERGENCY

without end.

We're an endless emergency

without end,

but

your finger starts to wiggle

and

landscapes emerge
