"Fire In The Hole"

You triumphed over will

You had immunity to kill

You had your dreams fulfilled

And I love you still

But there's a power beyond control

There's a fire in the hole

Ah the nights are getting cold

All your secrets will be told

Turn your lanterns low

As long as you can dig up proof

As cold as water through the roof

Brutal as depicted truth

That kid's a fuckin goof

Turn your lanterns low

But there's a power beyond control

There's a fire in the hole

Yeah the nights are getting cold

All his secrets will be told

Turn your lanterns low

Alright

I'd like to stand up soon and show

I'd like to let some people know

I'd turn my bucket over

I'd turn my lantern low

But there's a power beyond control

There's a fire in the hole

Yeah the nights are getting cold

All my secrets would be told

Turn your lanterns low

Alright

Alright
