well its & am and she woke by the radio  
yea she rolled on over said, "where did man go?"  
she's been a gunslinger's wife all her life  
now she fights when she's able  
for the sake of the kids when the knife's at their  
necks in the cradle  
she screams

chorus

I'll believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight

well she's got all the kids and she's got all their uses  
but she loves them the same for neglect and abuses  
she got a warm spot where they fought  
and they made up last evening  
he said, "Don't read too much into the fact  
that I'm leaving"  
she screams

I'll believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight

how do I explain this  
I mean how do I put it into words  
it's one thing or another  
but it's neither this or that  
actually it's a collection of things  
she said, " that's it, that's it, get out"

well her mother said, "kill him slow at your leisure"  
ah but desperate times call for desperate measures  
sh she went to the closet and she pulled the old gun  
down  
"I'll put a bullet through his heart if he ain't home by  
sundown"  
Yea 5:55 he comes walking in the front door smiling  
he said, " don't read too much into what I ain't  
denying"

she screams...

I'll believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight  
I will believe in you or I'll be leaving you tonight  
Well I believe in you
