I could make you scared
if you want me to
I'm not prepared, but if I have to
He said, I can make you scared,
it's kinda what I do
If you're prepared,
here's what I propose to do
You're in Russia
and more than a million works of art
are whicked out to the woods
So when Nazis
find the whole place dark
They'd think god's
left the museum for good
I make you scared, if that's what I do
If you're prepared, if I have to
If I make you scared and you pay me to
If that's the deal
now here's what I can do for you
Now there's a focus group

that can prove

this is all nothing

but cold calculation

Tests have shown

that suspicious or hostile

Their lives need not be shortened

truth be told

they can live a long, long while

Tickled to death by their importance

If you make me scared,

if that's what you do

If I'm unclear can I get out of this thing

with me and you

If you feel scared, a bit confused,

I gotta say

this sounds a little beyond

anything I'm used to

Now there's a precious few

that can prove that at the root

This is all nothing but a cold calculation

Clearly entranced,

you're leaning back now

Defanged destroyer limps into the bay

Down at the beach

it's attracting quite a crowd

As kids wade through blood
out to it to play
OK you made me scared,
you did what you set out to do
I'm not prepared, really had me
going there for a minute or two
He said, you made me scared too,
I wasn't sure I was getting through
I gotta go, it's been a pleasure
doing business with you
