o lord

i am glad
that i met you
what could i do
without you

you showed me
the way
else i would have wasted
this precious life away

in your hands
everything lays
you are cooler
than the suns rays
but no less effective
you are full of light
and you are fortunately
full of grace

i am glad
that i met you
what could i do
without you

things are crazy
in this world
you are the only
solace
you saved me
else i could have wasted
this life in various ways

cannot do much
in reurn
though i can try
to please you

i am glad
that i met you

what could i do
without you

you are the only cure
for a soul covered with filth
people search you outside
while you are inside
i am glad
that i met you
what could i do
without you

i am glad you showed
me the way
please don't make
any delay
since it's already
been ages since a
child has met his
true father

can't bear any separation
yes there is some desparation.

when a person dies
rest in peace (rip)
they say
well everything
depends on you
what can anyone do

i am glad
that i met you
what could i do
without you

i am glad
that i met you
what could i do
without you

i am glad
that i met you
what could i do
without you

i am glad
that i met you
what could i do
without you
