Sit down, I've got a story to tell you
Dare you to guess how it ends
Notice the lack of my expression
As blood and ether blend

Do you know how it feels to get cut down?
Do you know? Do you know? Do you know?

How far do you want to go over?
How far do you want to take all of this?
How far do you want to go over?

Lead me into this conversation
Tell us what you have to say
You'll be great for my collection
Sister, this all ends today

Do you know how it feels to get cut down?
Do you know? Do you know? Do you know?

How far do you want to go over?
How far do you want to take all of this?
How far do you want to go over?

How far do you want to go over?
How far do you want to take all of this?
How far do you want to go over?

And I'll take you to the end
Where the branches meet the sky
And I'll tell you that I always loved you
Then I'll show you why
Don't take me on

Sit down, sit down, sit down, sit down
How far do you want to go over?
(Sit down, sit down, sit down)
How far do you want to take all of this?
(Sit down, sit down, sit down)
How far do you want to go over?
(Sit down, sit down, sit down)

Sit down, sit down, sit down
I've got a story to tell you
(Sit down, you're falling off the map today.)
Dare you to guess how it ends
(Sit down, you're falling off the map today.)
Sit down, I've got a story to tell you
Dare you to guess how it ends
(Sit down, you're falling off the map today.)
