(Day to day)

[ VERSE 1 ]

I learned life's most valuable lessons, remain to the  
essence  
Smoke depression and bring aggression to the studio  
session  
I'm catchin the youth, while the fake thugs stretchin the  
truth  
Faggots out of the booth, out of the loop, convicted  
without proof  
Focus on the road but at home I zone  
Don't got beef with these labels cause we own our own  
We take chances with no promotions or advances  
We need nothin to enhance us, not videos and dancers  
Test the skills, go back and check the answers  
And how I stay writin, how my thugs stay fightin  
How I stay in the 'Bury and Supreme stay in Brighton  
And I still enlighten  
Starin at me like starin down a barrel  
How the nicest MC get overshadowed  
I don't know, if I don't flow, the sun don't shine  
And the grass don't grow, whether fast or slow  
Get dough, never ask for dough, yo

[ CHORUS 2X ]

We livin life day to day  
Surrounded by sheisty trife individuals  
Killers and criminals  
Watch your back, think fast  
Every thought could be your last  
If these guns go blast

[ VERSE 2 ]

Hey yo, I'm nocturnal, rock and burn you late night  
Ten year vet who stay tight, no stage fright if the pay's  
right  
You got a team now who wanna playwright  
And bring excitement to the game  
You niggas wanna rap or you niggas wanna blaze  
Nobody wanna work, everybody want a raise

When the money come the money stays  
Fuck the world and its ugly ways  
That was back in my Dudley days  
And we gon' separate the boys from the men  
The foes from the friends, the Hennessy from the gin  
We official, y'all rappers ain't even a issue  
Last word, ask if you ain't heard  
Whether it's introverted or extroverted  
Yo
