Light the flame, and I turning away
Restless souls
crying to release them from the pain
They cant take the pain..oh

Times so wasted it wastes away
resurrect me Jesus Christ
I'm so lonely for you
Hear the children cry
one by one they die
cant you help them

Look what we've done to our sins.. yeah

The eyes of a fallen child
Taken away the innocence of life
Deliver me.. deliver me out from this pain
And I will live through you again
ooh.. though the eye's of a child

Down pouring rain
Death comes with a shame we look away
We feel the stains, of blood soaked tears made from
their fears
and helpless ones all alone
why don't we stand by their side.. whoa

by their side yeah.. yeah

The eyes of a fallen child
Taken away the innocence of life
Deliver me.. deliver me out from this pain
And I will live through you again
Again.. though the eye's of a child
Ooh yeah

yeah

solo

Whoa.. through the eyes of a childx2
