You wiped away my tears  
And asked me for a smile  
I pretended to for a while  
I said I'd do anything

To always be with you  
You promised me someday soon

But it could never be too soon  
And I, I always feel you near me  
Tell me you can hear me  
'Cause, baby, I still hear you, ohh

And I know that nothing lasts forever  
And, baby, I will never, ever  
Leave this feeling of loving you

When I hear your voice  
I swear I hear you breathe  
Your body next to mine  
Holding me

And just when I believed  
It never has to end  
Goodbye will never come again  
Ohh, but it always comes again

But it could never be too soon  
And I, I always feel you near me  
Tell me you can hear me  
'Cause, baby, I still hear you, ohh

And I know that nothing lasts forever  
And, baby, I will never, ever  
Leave this feeling of loving you

Baby, I have faith that someday  
Destiny will take its place  
If I could just hold on, to someday  
Soon

But it could never be too soon

And I, I always feel you near me  
Tell me you can hear me  
'Cause, baby, I still hear you, ohh

And I know that nothing lasts forever  
And, baby, I will never, ever  
Leave this feeling of loving you
