No escaping  
no spell is over me  
fantasy's fact you see in my life  
Time and motion  
seem to have made a stop  
and if the whole world passes by  
I wouldn't bat an eye  
If you say you were mine  
Chorus:  
Fascination all I do is  
fascination dream of you  
Such a devotion  
I've never felt before  
you opened up a door in my life

No tomorrow  
could there be without you  
and if you should say goodbye  
I think that I would die  
Chorus  
I can't think about anything else  
but you  
There's nothing I can do  
oh no, oh no  
nothing I can do  
nothing I can do  
I can't think about anything else  
but you  
there's nothing I can do  
Chorus
