Baby if you got it  
You have got to flaunt it now  
Baby if you flaunt it  
You can make them want it now  
Baby yes I got it  
And I'm gonna flaunt it now  
I'm gonna make him want it  
Yeah I'm gonna flaunt it  
Sister thinks she's got it  
Sister's gonna flaunt it now  
Sister thinks she's got it  
Sister's gonna flaunt it now  
Sister thinks she's got it  
Sister's gonna flaunt it now  
All you catty creatures  
I got my better features too  
So step aside you leeches  
I can teach a trick or two.
