

## Summer Donna "Let's Work Together Now"

Visit "[Let's Work Together Now](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Different faces other races  
New conditions old traditions  
All are one  
From the humble to the mighty  
Those in need and those with plenty  
All are one  
Yes we all are one  
Let's work together now  
towards a better kind of world  
One for our children's child  
Let's work together now  
Respect our neighbour's way of life  
We've got to harmonise  
Learn to give without return  
And you will find yourself  
with all the friends you need  
All these problems on this earth  
are only due to selfish acts of men's on greed  
Let's stop all this creed  
Let's work together now  
Let's make a better kind of world  
Think of your children's child  
Please work together now  
Respect each person's way of life  
Let's start to harmonise
