Am I helpless to refrain
Like a jail it's so insane
Am I dissatisfied with love or unamused
An incapacitated heart
A long-shot fired in the dark
I never knew that I could care so much
At last the world will know
That this is, this is no, no ordinary love song
Oh no, no ordinary love song
Oh no
A man, a man who hoped so long
So long to find
If I could be your love song
Oh yes
Your one eternal love song
Oh yes
Sometimes when I turn
You're standing unaware
And I am filled with desire,
Then again despair
What can I do?
Please tell me, can't I make you see?
You're everything I need
You are the missing key
I'll be your instrument of love
You play every chord in me
At last the world will know
That this is, this is no, no ordinary love song
Oh no, no ordinary love song
A girl, a girl who hoped so long
So long to find
If I could be your love song
Oh yes
Your one eternal love song
Oh yes
Sometimes when I turn
You're standing unaware
And I'm filled with desire,
Then again despair
What can I do?
Please tell me, can't I make you see?
You're everything I need

You are the missing key
I'll be your instrument of love
You play every chord in me
Sometimes when I turn
You're standing unaware
I'm filled with desire,
Then again despair
What can I do?
Please tell me, can't I make you see?
You're everything I need
You are the missing key
I'll be your instrument of love
You play every chord in me
Play me, play me, play me
I love you
