Your parting words still echo clear
on the day that you left me
if you need I'll be there
you said you'd always help me
Now I need you, I need you
I need you, I need you

I can't seem to sastify
anyone around me
you'd hold my hand and see me thru
all the things that bound me
Now I need you, I need you
I need you, I need you

I'm calling you now
calling you now
please come to me now
I need you

Having learned to live with you
it's so hard to live without you
you always said if I was down
you'd be around to cheer me
Now I need you, I need you
I need you, I need you
