"Sentimental"

Visit "[Sentimental](#)" on MotoLyrics.com

Last night
we showed how much we cared
but sadness filled the air
how it made us cry
as we waved goodbye
then you left me standing there

Last night
I came home on my own
and watched a movie show
and the saddest part
really broke my heart
as it made me miss you so

I get so sentimental
can't control the beat of my heart
I get so sentimental
sentimental when we're apart

Last night
I tried to let you know
how it hurts to see you go
and how I want you near
every time I hear
our love song on the radio

Repeat chorus
